7.1 Handling
Tips for safe handling:
See point 6.1
Ensure good ventilation.
Avoid build up of dust.
Keep away from sources of ignition - Do not smoke.
Eating, drinking, smoking, as well as food-storage, is prohibited in work-room.
Observe directions on label and instructions for use.
Use working methods according to operating instructions.

7.2 Storage
Requirements for storage rooms and containers:
Store products only unopened, in original packing.
Not to be stored in gangways or stair wells.
Observe regulations for keeping separated.
Special storage conditions:
Protect against moisture and store closed.

8. Exposure controls/personal protection

Ensure good ventilation. This can be achieved by local suction or general air extraction.
If this is insufficient to maintain the concentration under the OES, MEL or MAK values, suitable breathing protection should be worn.
Applies only if maximum permissible exposure values are listed here.

8.1 Respiratory protection:
On dust formation:
Breathing mask with fine dust filter necessary (EN 143).

8.2 Hand protection:
Rubber gloves (EN 374).

8.3 Eye protection:
Normally not necessary.

8.4 Skin protection:
Protective working garments (e.g. safety shoes EN 344, long-sleeved protective working garments)

Additional information on hand protection - No tests have been performed.
Selection made for preparations according to the best available knowledge and information on the ingredients.
Selection of materials derived from glove manufacturer's indications.
Final selection of glove material must be made taking the breakthrough times, permeation rates and degradation into account.
Selection of a suitable glove depends not only on the material but also on other quality characteristics and varies from manufacturer to manufacturer.
In the case of preparations the resistance of glove materials cannot be calculated in advance so it has to be tested before use. The exact breakthrough time of the glove material can be requested from the protective glove manufacturer and must be observed.
